# HEALTHCARE SUPPORT

EMCOR Government Services' Total Resource Solution saves customers time and money by self-performing in areas where many of our competitors rely on subcontractors. Not only convenient and cost effective, in a hospital environment, time saved by in-house response equates to a reduction in lost-time and potentially saves lives.

## Fort Belvoir Community Hospital – Fort Belvoir, VA

EMCOR Government Services (EGS) is responsible for the operation, maintenance, and repair of this 1.8 million square foot facility that contains 120 patient beds, several operating rooms, an Intensive Care Unit, a level II nursery, a Warrior Transition Unit, and more than 65 specialty outpatient clinics. Our scope of work includes repair and maintenance of the HVAC, electrical, plumbing, and refrigeration systems, as well as operation and repair of all hospital emergency power, medical gas, communications, fire and life safety, and vertical transportation systems. EGS also provides grounds maintenance, snow removal, pest control, water treatment, and energy management services.

## Energy efficiency certifications:

Energy Star 

LEED for New Construction 

LEED for Existing Buildings 

ASHRAE 

Green Globes for Healthcare 

In order to provide the highest quality services possible, we require that EGS employees stay current with demanded industry practices, and remain fully certified.

### EMCOR Government Services engineers are certified in the following disciplines:

- Controls
- Electrical
- Emergency Power
- Energy Management, Audits & Modeling
- LEED
- Mechanical
- Plumbing
- Roof Inspections
- Structural Analysis and Design
- Vertical Transportation

### Capabilities that span the commercial and government healthcare industries include:

- The Joint Commission Log Book Program
- Annual Life Safety Assessment Program
- Above-the-Ceiling Permit Program
- Fire/Smoke Barrier Inspection and Repair Program
- And many more

### ANSI/ASHRAE Standard 188

EGS was instrumental in drafting a report requiring 10 years of in depth research and study, which provides new guidance to minimize the risk of Legionnaire's Disease in building water systems.

# zero failures

In 12+ The Joint Commission inspections, EGS has never failed a single one

## Walter Reed National Military Medical Center (WRNMMC) – Bethesda, MD

We deliver O&M and repair services for this flagship of Naval medicine. As part of our National Capital Region base operations support contract, we perform all electrical and mechanical maintenance and repair services for the 4.7 million square foot, 88 building medical center. Under the Regional Base Operations contract, we also provide fire and life safety services.

## Wright-Patterson AFB Medical Center – Dayton, OH

Since 2011, EGS has provided O&M services for this 820,939 square foot medical center campus with the support of 20 full-time staff. EGS's scope includes O&M and repair of all hospital systems, material/supply management, and oversight of compliance with facilities-related TJC requirements. We also provide direct phasing/transition planning and execution support for the Gateway project; a complete healthcare facility renovation project.

**MISSIONS ACCOMPLISHED**

Our mission is to help you accomplish your missions more **safely, efficiently** and **cost effectively.**

### A higher caliber of service.

EMCOR Government Services (EGS) supports hundreds of strategic facilities in key public and private sectors, all across the nation. **We can build, power, service and protect any facility, for any operation, in any sector, anywhere in the country.**

### GSA Schedule Approved.

EGS holds **multiple award schedules** in Facilities Management, Maintenance, Engineering and Environmental Services – so we're well-equipped to meet your routine and/or mission-critical needs.

### One single point of contact.

The **EMCOR Customer Solutions Center** offers the ultimate in customer service – 24/7 access to highly trained service professionals, an ever-expanding database of facilities information, and expert systems technicians. For virtually any question you have, we have your answer.

### Safety, Quality, Client Satisfaction and Performance Enhancement.

It's company policy to constantly **monitor and improve commitments** to the programs we consider core to our business – and central to our day-to-day culture.

### Backed by the nationwide EMCOR Group, Inc. network.

Behind EGS lies the strength of a respected **Fortune 500® company that serves 75% of the other Fortune 500® companies.** EMCOR's superior bonding capacity, nationwide network of operations and 29,000+ workforce, as well as local knowledge, deliver ISO 9000-certified quality, continuity of service, and uniquely collaborative partnerships to get the job done.

## WHAT CAN WE ACCOMPLISH FOR YOU?
