

THE ANSWER IS
YES

Staff Augmentation & Supplemental Labor

Staff augmentation allows businesses to employ temporary personnel according to their operational needs. Whether to accommodate short-term production spikes, fulfill hiring gaps, or perform specialized skills unavailable in-house, you can count on EMCOR Government Services (EGS) to provide trained and qualified supplemental labor.

Flexible or Temporary Onsite Facilities Management

EGS is one of the leading integrated service providers for government agencies, military installations, federal buildings, healthcare facilities, and commercial enterprises. We have met or exceeded the strict requirements necessary to be a preferred government contractor, and we bring that same commitment to reliable and responsive service to the public sector.

Skilled Professionals—On Demand

Through our staff augmentation program, we have access to professionals trained in a variety

of skills, from facilities management, maintenance, and operations to mechanical, electrical, and plumbing services. And, to guarantee integrity and reliability, we perform thorough background checks and proper vetting for all our employees.

In-House Specialty Services

For specialty work, we also offer in-house shops available at an hourly rate. These include our computerized maintenance management system (CMMS) specialists, mechanical and electrical professional engineering, vertical transportation group, reliability centered maintenance support staff (RCM), and special building operations (SBO) division. Our SBO division is a mobile HVAC, electrical, and mechanical resources team that can quickly respond to emergencies.

When you need qualified and highly trained professionals to augment your labor pool, EGS answers the call. **Reach out today.**

EGS PROVIDES:

Holiday, sick leave, and vacation coverage

Seasonal workloads

On-demand predictive and preventive maintenance programs

Flexible construction, project, and maintenance management

Mechanical, electrical, and plumbing project work

Transitional services

24-hour emergency response
